McKendree Professional Development Institute presents

Once Upon a Stone: *Children as Storytellers*

facilitated by Moon Bishop

Children use Story Stories not only to learn and share, but also to speculate, to pose questions and to find solutions, to test theories and ideas, and to make connections with others. Join us in a playful morning exploring and creating these simple objects to draw on children's natural love of story and develop skills that serve them well into adulthood.

Saturday, May 19, 2018 9am-12pm

Mckendree Christian Life Center Building, 320 Commerce Street
Downtown Nashville, 37203

Please make payment out to McKendree Day Care
